A = (0, √2)
length = √((√2)^2 + (√2)^2) =
√(2+2) = 2
A' = (0, ⁻3·√2)
B = (√2, 0)
length = √((⁻3·√2)^2 + (⁻3·√2)^2)
= √(9·2 + 9·2) = 6
B' = (⁻3·√2, 0)
